

<p>Overview</p>	<p>The curriculum delivered focuses on introducing pupils into the fundamental skills of Designing and Making in a range of materials and products. The course is delivered in a carousel of activities/topics throughout each year of KS3. Pupils typically complete 5 projects per year in the areas of graphics, food, textiles and resistant materials.</p>
<p>What skills will pupils develop?</p>	<p>In the projects covered, all pupils will:</p> <ul style="list-style-type: none"> • research topics, themes, materials and techniques • design creatively and plan how products will be made • develop skills to make products • undertake safe working • make a product • evaluate products
<p>What will help pupils to learn?</p>	<ul style="list-style-type: none"> • good organisation and self-motivation • good drawing and creative practical skills • willingness to work with precision and accuracy • determination, commitment and resilience • being fully equipped for the subject • access to the internet at home • having a craft/cooking/practical hobby or interest
<p>KS3 Course Structure</p>	<p>At KS3, the students take part in five projects per year. Typically, pupils rotate to a new project every 7-8 weeks and develop designing and making skills in:</p> <ul style="list-style-type: none"> • Food (hospitality and catering) • Textiles • Resistant materials (wood, metal and plastic) • Graphics (drawing, presenting and making in card) <p>Projects vary from year to year but challenge increases each time a pupil returns to an area for a new project. For example:</p> <ol style="list-style-type: none"> 1. Food: Year 7 - Basic cooking skills Year 8 - Specialist diets Year 9 - Pastries 2. Textiles: Year 7 - Basic skills - Marine life Year 8 - Inspired by confectionary Year 9 - Fashion illustration & design 3. Graphics: Year 7 - Packaging / Lettering Year 8 - Celebrations - Festivals Year 9 - Memphis design / Blister packs 4. Res.Mats: Year 7 - Trinket box and key fob Year 8 - Automata Year 9 - Mood light

KS3 Assessment	Students will be assessed during each project based on the work produced during lesson time. Students will also have the opportunity to embed their knowledge and understanding of the subject by taking part in a wide range of homework activities. Assessment undertaken using 9-1 GCSE grades that are in line with GCSE Design and Technology, food and art grades.										
KS4 Course Structure	The skills learnt in KS3 provide a foundation for a range of subjects at KS4. Currently, the school does not offer KS4 GCSE Design and Technology
